

SPONSORSHIP OPPORTUNITY

LAMBDA ALPHA INTERNATIONAL – ALOHA CHAPTER **International Land Economics Gathering | October 8-10, 2026** **Alohilani Resort, Honolulu, Hawai'i**

Hawai'i will be the host location for the 2026 Land Economics Gathering. This is the annual gathering for Lambda Alpha International, a global society of distinguished professionals in land economics, appraisal, development, planning, real estate law, and related fields. The 2026 theme, "Navigating Change Through the Wisdom of Native Hawaiian Traditions," honors Hawai'i's ancestral wayfinding knowledge and the pressing land use challenges of today.

Set against the backdrop of island land stewardship, economic transformation, and deep-rooted cultural heritage, the 2026 Hawai'i Gathering will attract LAI members and their guests from around the world, including England, Spain, India, Canada and all regions of the US. Industry leaders and decision-makers convene at the annual LAI Gathering to learn, share, contribute, and connect. Gatherings in recent years have been held in Barcelona, Phoenix, and Montreal.

The Gathering will be filled with two and a half days of tours, presentations, awards, entertainment, food and drink, and fun. Sessions will focus on regional issues such as water, housing, transportation, and land management, with perspectives and solutions grounded in Hawaiian culture and indigenous knowledge.

There will be optional extensions for the Gathering to provide opportunities for active engagement in land stewardship and a respectful visit to Maui to learn about recovery efforts.
